The school will prepare its students to be productive and responsible citizens through these exemplary programs.

OUR EDUCATIONAL PHILOSOPHY

AcadeMir Charter School Middle's philosophy is to fully prepare students to carry the torch of knowledge through its proven curricula, as well as the freedom and prosperity that is passed from generation to generation in this great country. Encouraging the use of innovative learning methods is a vital part of providing an educational program that truly meets the needs of all children. All learners possess areas of strength and areas of weakness and therefore, they express and receive knowledge in many ways. Effective teachers understand the need to differentiate instruction for all students in order for learning to occur. Understanding a student's area of intelligence, learning style, and/or learning preference is one way teachers can positively impact a student's ability to learn. The role of the teacher is to observe what their students are doing, figure out why they are doing it that way, and to give them the right kind and amount of information and feedback so they may solidify their learning and perform what they have been taught. Students must be able to make sense of what is taught if they are going to apply their learning in other situations.

Health and Immunization Requirements

All children are required to present tangible immunization and health examination documentation prior to admittance to a Florida public school for the first time. As required by Florida Statutes § 1003.22, district school boards must implement the requirements for health and immunizations outlined in this statute.

Withdrawal/Transfer Policies and Procedures

Only the parent who enrolls the student and completed the Emergency Student Data Form (FM-2733) may withdraw or transfer the student. The parent must bring a withdrawal slip from the sending school, proof of address with the name of the parent and proof of parent/guardian identification. Once these forms have been completed transfer/withdrawal will be executed.

Note: All students enrolled in AcadeMir Charter School Middle are students of Miami-Dade County Public Schools, subject to applicable policies and entitled to same rights.

LOTTERY AND ADMISSION

The lottery system is used when more students apply for admission to AcadeMir Charter School Middle than can be admitted. If there are fewer applicants than spaces available, AcadeMir Charter School Middle does not need to conduct a lottery.

STUDENT PROGRESSION PLAN AND PLACEMENT POLICY

The guidelines for student progression are delineated in this 2023-2024 Student Progression Plan for Miami-Dade County Public Schools, School Board Policy 5410, which provides guidance to teachers, school and district administrators, parents and other stakeholders regarding the requirements and procedures for students to

progress from one grade to the next and kindergarten through grade 12. The Florida Legislature requires that each district school board establish a comprehensive plan for student progression, as outlined in Florida Statutes § 1008.25(2). Specific case by case promotion, placement and retention information is explained in detail in the MDCPS- e-handbook “Student Progression Plan” (SPP). AcadeMir Schools Inc. in agreement with its Board of Directors and MDCPS as the authorizing agent for AcadeMir Schools Inc., adheres and opts to follow the District SPP which can be found in detail at handbooks.dadeschools.net/policies/93.pdf.

Initial Entry Requirements

School Board Policy 5112 - Entrance Requirements establishes the admission and registration requirements for students entering school to include specific information regarding initial entry, proof of age, birth certificate, and verification of residence, health, and immunization requirements, etc. Students enrolling from out of state, other districts in Florida, or who are foreign born, must adhere to the same admission and entrance requirements for registration.

Grade Placement

The grade placement of students registering from within the state, other states, non-public schools, home education programs, or other countries, will be determined by the principal of the receiving school, after an evaluation of the student’s record has been made.

Credits should be interpreted so that the requirements for promotion and graduation are not retroactive, provided the student has met all requirements for the grade placement in the school or home education program from which the student is transferring.

Age Discrepancy

In the absence of educational records or if a student’s records reflect an age discrepancy of two years or more, placement will be according to chronological age. Below is a chronological age placement table. This is the AVERAGE placement according to age. Promotion and retention guidelines found in School Board Policy 5410 affect a student’s placement. More detailed information can be found at handbooks.dadeschools.net/policies/93.pdf.

Age of students	Grade Level Assignment
5-10	Elementary School
11	Elementary school or middle school depending on the grade configuration of the school
12-13	Middle School
14	Middle school or high school depending on the grade configuration of the school
15 or older	Senior high school

ACADEMIC GRADING & PROGRESS

AcadeMir Charter School Middle believes that parents must be informed regularly regarding their child’s performance at school. Parents can become a school’s greatest ally in helping to ensure academic success for students. Specific guidelines for grading student performance and for reporting student progress are provided below.

Academic Grades

Academic grades are to reflect the student's academic progress based on the standards/benchmarks for the grade level course in which the student is enrolled. The academic grade must not be based upon the student’s effort

and/or conduct. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms which would be appropriate for the grade or subject. Letter grades shall be used to measure student success in grade 6 through grade 8 courses with each letter grade corresponding to a specific percentile from zero to one hundred percent. The academic grades of "A," "B," "C," "D," "F," or "I" are not related to the student's effort, conduct, attendance or tardiness. The letter grade of "I" will be reserved for middle school use only. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject based on grade level competencies. The determination of the specific grade a student receives must be based on the teacher's best judgment after careful consideration of all aspects of each student's performance during a grading period.

When a numerical equivalent to an assigned letter grade of "A", "B", "C", "D", "F" or "I" is used, the following values apply and shall be communicated to students:

Grade	Numerical Value	Verbal Interpretation	Grade Point Value
A	90 -100 %	Outstanding progress	4
B	80 - 89 %	Above average Progress	3
C	79 – 70 %	Average progress	2
D	60 – 69 %	Lowest acceptable progress	1
F	0 – 59 %	Failure	0
I	0	Incomplete	0

In authorized semester courses, the student's final grade will be determined as follows: 50% value for each of two nine-week grading periods. A teacher may administer an assessment at the end of each nine- week grading period. The value of the assessment may not exceed 10% of the grade for each nine-week grading period.

In authorized annual courses, the student's final grade will be determined as follows: 25% value for each of four nine-week grading periods. A teacher may administer an assessment at the end of each nine- week grading period. The value of the assessment may not exceed 5% of the grade for each nine-week grading period, with a provision for teacher override.

Grade	Point Value	25% Each Quarter	Total Value
A	4	x 2.5	10
B	3	x 2.5	7.5
C	2	x 2.5	5
D	1	x 2.5	2.5
F	0	x 2.5	0

CURRICULUM

As a school of choice, AcadeMir Charter School Middle believes its focus on the special methods of teaching mathematics, science, and reading will appeal to those students and parents interested in the school's mission: to provide students with a well-rounded school education, through a challenging program focused on mathematics and science using innovative, reform-based instructional methods in a stimulating and nurturing environment that fosters maximum student achievement. AcadeMir Charter School Middle also believes that the curriculum must be well-rounded to encompass the social and cultural development of each student.

AcadeMir Charter School Middle's curriculum is based on Florida's B.E.S.T. Standards and encompasses the core subject areas of Math, Reading, Writing and Language Arts, Science, and Social Studies, as well as special area classes of Technology, Foreign Language, Art, and Physical Education.

REQUIRED COURSES FOR STUDENTS IN 6TH-8TH GRADES

The required program of study for middle grades students is comprised of courses in core academics and electives providing instruction based on the Florida B.E.S.T. Standards (FS) and the Next Generation Sunshine State Standards (NGSSS). These subject areas include English/language arts/ESOL, mathematics, social sciences, science, physical education, music, art, theater arts, dance, foreign language and career and technical education.

Depending on individual students' assessment results, some students may be required to enroll in remediation courses for reading and in remediation courses in mathematics, which may take the place of electives.

SUMMARY OF PROMOTION AND PLACEMENT REQUIREMENTS FOR 6TH-8TH GRADE

The progression of students from one grade to another throughout the middle grades is dependent on passing the courses that a student is enrolled in. The table on the following page provides a summary of the promotion and placement requirements for middle grades students.

End of Grade	Courses Passed	Status
6	All Courses Passed	Promoted to Grade 7 Regular 7 th grade student

EARNING SENIOR HIGH SCHOOL CREDITS IN MIDDLE GRADES (6, 7 & 8)

Middle grades students in grades 6, 7, and 8 may enroll in selected senior high school courses for the purposes of pursuing a more challenging program of study. Such courses are included when computing grade point averages (GPA) and rank in class. Up to six credits may be earned, with parental permission, in grades 6, 7, and/or 8, for courses taken, which may be applied toward the total credits needed for graduation, college admission, or for the Florida Bright Futures Scholarship Program requirements. The recommended courses are listed in the table below. Credit may be earned in the courses provided that all applicable End of Course assessment requirements are met. Students may also fulfill their online requirement for graduation during middle school.

- Algebra 1
 - To earn credit, a student must earn a passing grade in the course for which the EOC results constitute 30% of the final grade.
 - Passing the Algebra 1 EOC is a high school graduation requirement.
- Geometry
 - To earn credit, a student must earn a passing grade in the course for which the EOC results constitute 30% of the final grade.
- Physical Science
 - Must meet science lab requirements
- Biology
 - To earn credit, a student must earn a passing grade in the course which the EOC results constitute 30% of the final grade.
 - Must meet science lab requirements
- Any high school level Foreign Language 1 or above

During the time students are enrolled in designated high school courses, they are considered to be grade 9 students for those class periods. Students and their parents shall be informed that all high school credit courses taken in the middle school will be included in their high school transcript. Factors to be considered in taking high school courses while in middle school include the impact on the students' GPA and subsequent rank in class, the possible lack of recognition by the National Collegiate Athletic Association (NCAA) for senior high school courses taken in a grade below grade 9, and the benefit of retaking a course in which skills have not been mastered. Courses taken will remain a part of a student's middle school record, as well as the student's senior high school record.

DUAL ENROLLMENT

Dual enrollment is an articulated acceleration mechanism open to eligible secondary students (grades 6-12) in Florida public schools. To enroll in dual enrollment academic courses, students must demonstrate a readiness to successfully complete college-level course work and have attained a qualifying grade point average.

HOME LEARNING

Home Learning Assignments are an important part of learning. Developing the habit of nightly study requires

parental help and guidance. This is another way to reinforce what was learned in the classroom and a means of allowing the parents to be a part of our curriculum goals.

Teachers use the following time schedule as a guide when assigning home learning:

- 6th Grade 75 minutes
- 7th Grade 75 minutes
- 8th Grade 75 minutes

These times are a guide and are based on the average child's ability and concentration. Some home learning assignments may take less time and others may take a little more time. Also, these times do not reflect the additional thirty (30) minutes required for reading. Reading is a universal skill that relates to all subjects.

NOTE: Students can receive additional help through the Homework Helpers Program, which includes the Dial- A-Teacher program, at 305-995-1600, Monday through Thursday from 5:30 P.M. to 8:30 P.M., WLRN, Channel 17. Students may also access Miami-Dade County Public School's web page at: <http://www.dial-a-teacher.com>

SPECIAL EDUCATION

AcadeMir Charter School Middle ensures that all students suspected of having a disability are identified, evaluated, and provided appropriate, specially designed instruction and related services, if it is determined that the student meets the state's eligibility criteria and the parent/guardian consents to initial placement.

Students with disabilities who are eligible and require special education will have an Individual Educational Plan (IEP). The IEP describes the student's strengths and weaknesses and documents the services and supports the student needs to access a Free and Appropriate Public Education (FAPE) in the least restrictive environment (LRE).

The IEP is a working plan that must be developed by the IEP team at least once every 12 months and reviewed, when appropriate, to revise and address any lack of expected progress toward annual goals, or to consider any new information that has been provided through re-evaluation or by the parent/guardian.

Parent involvement in the special education process is very important. Parents will be asked to participate in the IEP process each year and to consider the need for their child's re-evaluation at least once every three years.

The Individuals with Disabilities Education Act (IDEA) states that parents of a child with a disability have certain procedural safeguards. The *Summary of Procedural Safeguards for Parents of Students with Disabilities* documents all the information about the rights of parents. This notice of procedural safeguards is made available to the parent/guardian, at a minimum, upon initial referral; or the parent's request for evaluation; upon the school district's refusal to conduct an initial evaluation that the parent/guardian has requested; upon each notification of an IEP meeting; upon consent for re-evaluation; upon the school district's receipt of a request for a due process hearing; and any other time the parent/guardian may request to receive a copy.

Other rights that are presented in the procedural safeguard document include, but are not limited to, the right of prior written notice; informed consent; participation in meetings; records, independent educational evaluation, mediation, state complaint; local education agency complaint; due process hearings; resolution meetings; due process; attorney fees; discipline; and private school placement.

As the parent of a child with disabilities, you are a very important member of the team that plans your child's

education. Be informed and get involved. If you have any questions, please contact your child's school. Staff from the special education department and your child's student service provider will help to answer your questions. Additional information may also be found at <http://ese.dadeschools.net/>.

ATTENDANCE POLICY

Students are expected to assume the responsibility for regular and prompt attendance in each class. If a student is not present in the classroom assigned, he/she will be marked absent, regardless of the reason (school business, committee meeting, band trip, illness, prearranged, etc.).

Attendance Defined

- **School Attendance:** Students are to be counted in attendance only if they are actually present for at least two (2) hours or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.
- **Class Attendance:** Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.
- **Tardiness:**
A student is considered tardy if he/she is not present at the moment the school bell rings for the class assigned. Note: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent. Accumulated unexcused tardiness will be counted toward the threshold for initiating attendance review and possible “No Credit” in certain courses.
- **Early Sign-outs:**
No student shall be released within the final 30 minutes of the school day. Please note, the early release of students causes disruption to academic performance of all students and may create safety and security concerns.

Absences

- Reasonable excuses for time missed at school
 - Personal illness of the student (medical evidence may be required by the principal for absences exceeding three (3) consecutive days). The written statement must include all the days the student has been absent from school. If a student is continually ill and repeatedly absent from school due to a specific medical condition, he/she must be under the supervision of a health care provider in order to receive excused absences from school.
 - Court appearance of the student, subpoena by law enforcement agency, or mandatory court appearance.
 - Absence due to a medical appointment requires a written statement from a health care provider indicating the date and time of the appointment and submitted to the principal.
 - An approved school activity (absences recorded, but not reported).
 - Other absences with prior approval of the principal.
 - Attendance at a center under the Department of Children and Families supervision.
 - Significant community events with prior permission of the principal.
 - Observance of a religious holiday or service when it is mandated for all members of a faith that such a holiday or service be observed.
 - Military Connected Students – committed to assist students from military families and will continue to facilitate the development and implementation of policies that directly impact children of military personnel. In an effort to ease the burden of our students who have parents that may be deployed or on “Block Leave,” schools will allow up to a total of 5 days of excused absences

each academic year to allow families time together.

- Death in the immediate family.
- School sponsored event or educational enrichment activity that is not a school-sponsored event, as determined by the principal. The student must obtain advance written permission from the principal. Examples of special events include public functions, conferences, and regional, state, and national competitions.
- Outdoor suspension.
- Appointments for a therapy service provided by a licensed health care practitioner or behavior analyst certified pursuant to Florida law for the treatment of autism spectrum disorder including, but not limited to, applied behavioral analysis, speech therapy, and occupational therapy.
- Other individual student absences beyond the control of the parent or student, as determined and approved by the principal. The principal shall require documentation related to the situation.
- Unexcused school absence due to:
 - vacations, personal services, local non-school events, programs, or sport activity.
 - older students providing day care services for siblings.
 - illness of others.
 - non-compliance of immunization requirements unless lawfully exempted.

Absences not included in the excused absences listed above shall be considered unexcused. Any student who has been absent from school will be marked unexcused absence until he/she submits the required documentation. (Please note the required documentation must be a doctor's note, a handwritten signed letter and/or a completed "Absent Notification Form provided in the school's website. No emails or faxes will be accepted.) Failure to provide the required documentation within **(3) three school days** upon the return to school will result in an unexcused absence. **Unexcused absences do not require that the teacher provide make-up work for the student.**

A student accumulating ten (10) or more class unexcused absences in an annual course or five (5) or more class unexcused absences in a designated semester course may have quarterly, semester, and final grade(s) withheld **(No Credit)** pending an administrative screening and completion of assigned interventions by the Attendance Review Committee. Any student who fails to attend a regularly scheduled class and has a "no excuse" for the absence should be referred to the appropriate administrator. Disciplinary action should include notification to parents.

The student will:

- Attend school/classes 180 days each school year.
- Request the make-up assignments for all excused absences/tardies from his/her teachers upon his/her return to school or class within three (3) days. It should be noted that all class work, due to the nature of the instruction, is not readily subject to make-up work; and
- Complete the make-up assignments for classes missed within the equivalent number of days absent. Failure to make up all assignments will result in the students receiving a "Z" on all missed work and it lowers the student's academic and/or effort grade.
- Be reported as present for the school day in order to participate in athletic and extracurricular activities.

The parent will:

- Be responsible for his/her child's school attendance as required by law and stress the importance of regular and punctual school attendance with his/her child.
- Report and explain an absence or tardiness to the school. An original signed letter must be provided to the school within 3 schools days after the child returns to school.

- Ensure that his/her child has requested and completes make-up assignments for all excused absences/tardies from the child's teachers upon his/her return to school or class

Students may purchase a new student ID for a fee during the school year as needed.

COVID-19 PROTOCOLS

Symptom Identification, Positive Case Identification, Contact Tracing, and Assessing School Closure:

Parents will be expected to do a temperature and symptom check for their child each morning. If a student is sick, they must stay home. Additionally, parents should check for common COVID-19 symptoms. Symptoms among children include fever, headache, sore throat, cough, fatigue, nausea/vomiting, and diarrhea. If a child has a temperature over 100.4 degrees (without fever-reducing medication), the parent/caregiver should wait fifteen (15) minutes and recheck the temperature to confirm if it remains elevated. If a student is sick including presenting with a temperature above 100.4 degrees and experiencing COVID-19 symptoms they must stay home, contact their health care provider, and the parent must notify the school immediately. In the case that a student begins to exhibit COVID-19 like symptoms during school hours, every school will have a designated isolation room so that they are not interacting with other students. A staff member will be assigned to stay with the student and monitor the student's symptoms. The parent or guardian will be notified and asked to pick the student up as soon as possible. The isolation room will also be sanitized immediately after each use.

These types of cases will be reported to the Florida Department of Health in Miami-Dade County. Any school-wide or classroom closures will be determined in collaboration with the Florida Department of Health in Miami Dade County. AcadeMir will also follow guidance from the Florida Department of Health in Miami-Dade County for any school-wide or community notification that is deemed necessary. If a school closure is necessary, cleaning and sanitization protocols will be implemented. Schools and classrooms will reopen after the risk of exposure has been fully evaluated.

Social Distancing

To prevent the clustering of people in hallways or rooms the following will be implemented:

- Each stairway will be one direction, to avoid students going in different directions at the same time.
- Restrooms will be limited to 2 people at a time.
- Elevators will be limited to 2 people at a time.
- Classroom Configurations: Non-essential furniture will be removed from the classroom, when possible, to increase the distance between student desks.

Visitors

Upon arriving, all visitors will be required to check in at the main office. While on campus, all visitors will have the option to wear a face covering and follow all protocols established at the school site such as adhering to directional hallways, social distancing, and respecting bathroom and elevator capacity limits.

SCHOOL DISCIPLINE

We believe that all children can learn and succeed in school provided they have access to a nurturing, safe and structured environment, a challenging and interesting curriculum, and qualified teachers who genuinely care about a child's performance and wellbeing. We achieve these criteria of a safe environment through the school wide adoption of a consistent, fair, and equitable discipline plan that we call 3R's – Respect, Responsibility, and Ready to Learn.

Disciplinary actions are listed below:

- 1st offense: A verbal warning issued
- 2nd offense: A phone call, behavior notification form or email will be sent to the parents
- 3rd offense: Parent/Teacher conference
- 4th offense: Administration reserves the right to issue disciplinary action based on the severity of the violation and the MDCPS Code of Student Conduct.

Procedures for Addressing Concerns

Conferences with individual teachers must be arranged by the office. Contact may be made by calling the school office or emailing the teacher. All emails can be found on our school website. It is against school policy to show up to a classroom without prior arrangements for a conference or call teachers during classroom time. Please do not engage in parent conferences during arrival/dismissal of students, in the hallways or during classroom time. Your child’s confidential information may be jeopardized. Always attempt to resolve issues/conflicts with the teacher before coming to administration. Most issues can be resolved when you have open and honest communication with your child’s teacher. ACADEMIC INTEGRITY

All AcadeMir students are expected to be honest and cheating and/or plagiarism will not be tolerated and will result in an immediate “F” and will be communicated with the corresponding parents right away. As per the MDCPS Code of Student Conduct, “the code of student conduct sets the standards for conduct expected of students in a purposeful safe learning environment in which the principles of care, courtesy, civility, fairness, acceptance of diversity, and respect for the rights of others is valued. It also addresses the role of the parents/guardians, the students, and school, but also focuses on core values and model student behavior, rights, and responsibilities of students, addressing student behavior, and disciplinary procedures.

What is academic integrity?

Academic integrity is an ethical code, whereby the student guarantees that all work submitted is the student’s own work

Why is academic integrity important?

When students submit an assignment that is not their own original work, there are two issues involved: Students are earning credit for learning material for which they have not demonstrated mastery; and they may be violating the policies of the school.

What are some examples of academic integrity violations?

There are two kinds of academic integrity violations. One is “plagiarism” and the other is “cheating.”

1. Plagiarism is defined as an act or instance of using closely imitating the language and thoughts of another author without authorization and the representation of that author’s work as one’s own, as by not crediting the original author.
 - a. Some examples are, but not limited to the following:
 - i. Copying and pasting a report from the Internet and representing it as your own work.
 - ii. Using information from an encyclopedia, book, textbook, website, database, etc., without citing the source
 - iii. Using another student’s work in whole or part and handing it in as one’s own
 - iv. Using online translators for assignments and assessments.
2. Cheating - To influence or lead by deceit, trick, or artifice or to practice fraud or trickery to violate rules dishonestly.
 - a. Some examples are, but not limited to the following:
 - i. Providing questions/answers/ works to another student
 - ii. Obtaining or attempting to obtain, prior to examination, either copies of used questions or illegal knowledge of such questions
 - iii. Using an electronic device/smartwatch without teacher permission to search for answers at the same time during an assessment.

The emphasis of AcadeMir Charter School Middle’s academic honesty policy is on prevention, and on students learning the appropriate skills of citing work from other authors. In the event that students are suspected of classroom cheating, plagiarism or otherwise misrepresenting their work, he/she will be subject to all applicable forms of discipline defined by the administration, which include, but are not limited to:

- Meeting with the school counselor regarding the incident
- A failing grade on the assignment or assessment
- A referral will be sent to administration and recorded on the students’ academic/behavior record
- A parent-teacher conference will be scheduled with the school counselor and/or administration

Note: Students enrolled in Dual Enrollment with Miami Dade College will be expected to abide by the college's Code of Conduct.

STUDENT'S RIGHTS

Students have the right to feel safe from threats and bodily harm. Disruptive behaviors are never acceptable, and when they occur, they will result in time out, exclusion from participation in class activities, field trips, suspension, or other disciplinary action. Parents who have a conflict with a student other than their own child and/or parent are requested to speak to the administration. At no time may parents approach any student/parent directly. All students and employees will be treated with respect. Slurs, innuendoes, hostile treatment, violence, harassment or other verbal or physical conduct against a student or employee will NOT be tolerated.

NON-DISCRIMINATION STATEMENT: In accordance with federal and state anti-discriminatory laws AcadeMir Charter School Middle will not discriminate against a student in its school's admission, educational programs, and activities based on race, ethnicity, national origin, creed, religion, gender, age or disability.

PARENT/GUARDIAN'S RESPONSIBILITIES

As a parent/guardian of a virtual school student, it is very important to understand the responsibilities associated with that role. With the many distractions students have today, it can be difficult for some students to set aside time to work on courses when not in school. It is the responsibility of the parent/guardian to encourage the student to manage their time in an effective way. Teachers will keep the parent/guardian apprised of the student's progress and will initiate contact if they fall behind in their coursework.

Parents are expected to supervise and monitor their student's progress throughout the duration of the course. This can be accomplished by accessing the parental account periodically to monitor student progress. Parents should support Academic Integrity. Academic Integrity is one of our core values and one of the most important areas of focus as a learning organization. Students with Academic Integrity make decisions based on ethics and values that will prepare them to be productive and ethical citizens.

You may contact your child's teacher directly via email and/or contact the school office at 305-967-8492 with questions about the course that you may have. When a parent/guardian has a concern about the child's performance or behavior, the parent/guardian should set up a conference with the child's teacher. Parents/guardians should also be aware of the course progression plan that their student is following and use that to help plan for the child's academic and educational future.

COMMUNICATION

Communication is essential for success in any human endeavor. Administration and staff recognize this and will always strive to facilitate open and frequent communications with parents. We ask that you make us aware of any of the following in writing:

- Excessive absences from school due to an illness

- Notification of any change in transportation

Parent-teacher conferences are an important part of our program. We encourage getting to know your child's teacher, school counselor and administration team. Please make appointments for conferences by telephoning the office or writing an email to the teacher. All teacher emails are available on the school website. If you have any additional questions or concerns, please make an appointment with the School Counselor, Assistant Principal or Principal. The laws provide certain exceptions to the prior consent requirement to the release of student records, which include, but are not limited to, school officials with a legitimate educational interest and lawfully issued subpoenas and court orders. FAMILY RIGHTS & PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) is a federal law. The intent of this law is to protect the accuracy and privacy of student information and education records. Under this law, parents and eligible students have the rights to: access their education records, including the right to inspect and review those records; waive their access to their education records in certain circumstances; challenge the content of education records in order to ensure that the records are not inaccurate, misleading, or otherwise a violation of privacy or other rights; ensure privacy with respect to such records and reports; and receive notice of their rights with respect to education records. Only authorized individuals having legitimate educational interest will have access to a student's education records. However, under some prescribed circumstances, personally identifiable information and education records can be disclosed to other individuals and agencies without parental consent. The Board approved a directive for implementing the provision of the Family Educational Rights and Privacy Act. Personally identifiable information is maintained in schools in a variety of forms, such as handwriting, print, computer media, video or audiotape, film, microfilm, and microfiche.

Examples are:

- date and place of birth, parent's address, and where parents can be contacted in emergencies.
- grades, test scores, courses taken, academic specializations and activities, and official letters regarding a

student's status in school.

- special education records; disciplinary records.
- medical and health records that the school creates or collects and maintains.
- documentation of attendance, schools attended, courses taken, awards conferred, and degrees earned; and personal information such as a student's identification code, Social Security number, photograph, or other information that would make it easy to identify or locate a student.

Personal notes made by teachers and other school officials that are not shared with others are not considered educational records as long as they are kept private by the maker of the record. Additionally, law enforcement records created and maintained by a school district law enforcement unit are not education records. Parents or eligible students are guaranteed the right, upon request, to inspect and review their children's records and to obtain copies of them within 30 days. In accordance with Board policy, a fee may be charged for reproduction of records, unless the imposition of that fee would effectively prevent the exercise of the right to inspect and review the education records. The parent or eligible student also has the right to request a correction of education records which he/she believes to be inaccurate or misleading. Requests are reviewed by the school principal, regional office, and/or District office and the parent or eligible student is notified of the decision(s).
